Good Evening Butch and Diane,

Please see info below regarding sample data for the Gold King site. We will be coordinating distribution of this material w Craig Myers. Not sure if you met this evening but he will be our IC joining you there so I presume he'll work out with you all how that will go (I'll be taking orders from him) :)

Just note there are other items on the site-pH, photos, etc.

Regards, Gina

Hello Everyone,

Dissolved metals information is posted on the website – www.epaossc.org/goldkingmine.
Click on documents (either at the top of the website or right side of page); it's titled "data report." Thanks, Gina
